VOLUME 44

SUBJECT AND AUTHOR INDEX

Barlow, John A.; Science and Theory 82
Secondary Motivation through Classical Conditioning: Basic Experimental Design and Procedure 91
Berry, Earl. See Spessard, Dwight R., Lee, Howard and Miller, Elliott 128
Brown, John B.; Notes on the Determination of Oxygen Isotope Ratios by Density Measurements 96
Coefficient of Expansion of Pyrex Glass Floats Used in Density Determinations 106
Brown, John B. and Svensson, Marguerite; Properties of Alkali Borohydrides. I. Stability in Hydroxide Solutions 117
Chamberlin, Willis A.; Some Historical Aspects of Scientific Work at Denison University 1
Coefficient of Expansion of Pyrex Glass Floats Used in Density Determinations. By John B. Brown 106
Cordes, Carol K. See Mountjoy, Paul T. and C. K. C. 239
Decrement to the Vertical-Horizontal Illusion Figure. By Paul T. Mountjoy and Carol K. Cordes 239
Effects of Early Training on Later Response Efficiency, The. By James F. Zolman 243
Floristics in the Douglas Lake Region (Emmet and Cheboygan Counties), Michigan, with an Account of Rejected Records, A History of. By Edward G. Voss 16
Lee, Howard. See Spessard, Dwight R., Berry, Earl and Miller, Elliott 128
Mather, Kirtley F.; Religion and Science in the Atomic Age 77
Miller, Elliott. See Spessard, Dwight R., Berry, Earl and Lee, Howard 128
Morgan, George D.; A Study of Six Different Pond Stocking Ratios of Largemouth Bass, Micropterus Salmoides (Lacépède), and Bluegill, Lepomis Macrochirus Rafinesque; and Relation of the Chemical, Physical and Biological Data to Pond Balance and Productivity 151
Mountjoy, Paul T.; Spontaneous Recovery Following Response Decrement to the Müller-Lyer Illusion 229
Mountjoy, Paul T., and Cordes, Carol K.; Decrement to the Vertical-Horizontal Illusion Figure 239
Notes on the Determination of Oxygen Isotope Ratios by Density Measurements. By John B. Brown 96
Properties of Alkali Borohydrides. I. Stability in Hydroxide Solutions. By John B. Brown and Marguerite Svensson 117
Rejected Species Records. See A History of Floristics in the Douglas Lake Region—Michigan; by Edward G. Voss 16, 48

Religion and Science in the Atomic Age. By Kirtley F. Mather..... 77
Science and Theory. By John A. Barlow..... 82
Scientific Work at Denison, Some Historical Aspects of. By Willis A. Chamberlin..... 1
Secondary Motivation through Classical Conditioning: Basic Experimental Design and Procedure. By John A. Barlow..... 91
Simson, Laurence Robert, Jr.; Some Physiological Correlates of Psychological Stress in the Adrenal Organs of the White Mouse..... 138
Six Different Pond Stocking Ratios of Largemouth Bass, Micropterus Salmoides (Lacépède), and Bluegill, Lepomis Macrochirus Rafinesque; and Relation of the Chemical, Physical and Biological Data to Pond Balance and Productivity, A Study of. By George D. Morgan.. 151
Some Historical Aspects of Scientific Work at Denison University. By Willis A. Chamberlin..... 1
Some Physiological Correlates of Psychological Stress in the Adrenal Organs of the White Mouse. By Laurence Robert Simson, Jr..... 138
Spessard, Dwight R., Berry, Earl, Lee, Howard and Miller, Elliott; Synthesis and Evaluation of Some Plant Growth Substances Related to 2,4-D and 2,4,5-T..... 128
Spontaneous Recovery Following Response Decrement to the Müller-Lyer Illusion. By Paul T. Mountjoy..... 229
Stimulus Variables in Aphasia: I. Setting Conditions. By Irvin S. Wolf.... 203
Stimulus Variables in Aphasia: II. Stimulus Objects. By Irvin S. Wolf 218
Svensson, Marguerite. See Brown, John B. and M. S..... 117
Synthesis and Evaluation of Some Plant Growth Substances Related to 2,4-D and 2,4,5-T. By Earl Berry, Howard Lee, Elliott Miller and Dwight R. Spessard..... 128
Voss, Edward G.; A History of Floristics in the Douglas Lake Region (Emmet and Cheboygan Counties), Michigan, with an Account of Rejected Records..... 16
Wolf, Irvin S.; Stimulus Variables in Aphasia: I. Setting Conditions..... 203
Stimulus Variables in Aphasia: II. Stimulus Effects..... 218
Zolman, James F.; The Effects of Early Training on Later Response Efficiency..... 243
